***For I Have Seen My Beauty***

*Every day brings more sunshine,  
To match the glory of the Son's shine.  
For I have seen my beauty,  
In the love of my cutie.*

*My love grows longer and deeper,  
To match the love of our Keeper.  
For I can truthfully say,  
I have a love not ceasing each and every day.*

*Sugee Bear, I love you,  
With each freshness of the morning dew.  
To wake in your arms and with your touch,  
To hear you say I love you means so very much.*

*For as I have seen my beauty in you,  
So see I the love of us two.  
With blessings that so abound,  
How can I not be around.*

*To my love on your Birthday,  
And to the one who knows the secrets of my ways,  
May I say to you this **very special day**,  
May **GOD** bless you in your own very **special way**.*

*To have been my lover for almost 35 years,  
I have no regrets, no tears.  
For if another 35 is to come,  
Then maybe ... I will say it is done?*

*To my love, with all my love,  
Me, Pastor Eddie*
