***Labor Day Baby?!***

*1959 was in pain,  
For Brenda started her fame.  
Today she is 41,  
And working at her job she is number one.*

*Born on 9 and 7,  
Does not mean to work till seven.  
Celebrated on and working 9 to 4,  
Will make you last a whole lot more.*

*Born maybe on Labor Day,  
Does not mean you have to always earn you pay.  
Have some fun today on the 4<sup>th</sup>,  
And let the days, continue forth.*

*Regardless of the day of your first clue,  
Let not Monday be blue.  
For Tuesdays, Wednesdays, Thursdays and Fridays,  
Still have their say!*

*Work, work, work, work and always work,  
Leads to five days to go berserk.  
Save one day of the work week,  
To find a love so very sweet.*

***Jesus is our Restorer,***  
*If we give Him our worrier.  
For Jesus gave us His day,  
So we may have our birthday.*

*Have a very Happy Day,  
To the one who might have been born on “Labor Day”.  
For birthdays reign a full year starting today,  
Only to give in to the next ‘Celebrated Birthday’.*

*Have a very good ‘Happy Birthday’  
Pastor Eddie*
